Annexure 3

Best Practice- 1

Title of the Practice: Sensitisation and inculcation of social and civic duties.

Context of Practice:

College has the pleasure of organising various social and civic events. Apart from doing routine academic activities there have been organised many curricular, co-curricular and extra curricular activities in co-ordination with social agencies. The college always adds on the qualitative change among the students along with their curricular knowledge gained within the four walls of the institution. College always tries to sensitize the students about their role and duties in the society by organising different social activities. So, along with it to create the socially responsible and dedicated good citizens to uplift the society with their well doings and active participation are wider perspective of the college and with a view to achieve such noble intention the institute highlights and concentrates on such noble practices.

Objectives:

- To inculcate social values among students.
- To sensitize student teachers about their social role and responsibility apart from their role as student in institution.
- To inculcate the value of co-operation and participation in different social activities.
- To develop an ability to solve their social and civil conflicts.
- To aware students about civic and social rights.
- To make them able to identify, formulate and solve their civic and social problems.
- To develop the value of love for humanity.

Practice:

Apart from mission of sensitization and inculcation of social and civic duties among students the college has established “ Red Ribbon Club” and “Eco Friendly Club” that are vigorously involved in providing the awareness among the students to help the society. With the co-operation of staff members the college organises the different activities like seminars, extension lectures, workshops, social camps etc and also participates in various social and civil programmes in co-ordination with different social agencies in order to inculcate the social and civil awareness among the students.

- The college have participated in a Marathon Race on World Environment Day organised by D.E.O Fazilka.

- The student teachers with faculty members visited the Civil Hospital to provide help to the needy patients in a social camp organised by Social Welfare Society.
- Students of our college donated the blood during a blood donation camp organised by District Red Cross Society Fazilka on 20th September 2016.
- Staff Members and students of the college give their participation in voter card registration in coordination with District Election Office.
- College also organise a seminar on the theme of Right to vote on Oct 20, 2016.
- Students participated in Poster making and Slogan writing competitions on the theme of Voting awareness organised by Red Ribbon Club on Nov 15, 2016.
- A Seminar on the theme Drug Abuse and Trees plantation was organised in co-ordination with District Red Cross Society Fazilka.
- The eco Friendly club of the college has organised a seminar on Conservation of Forest and Wild Life in co-ordination with Forest & Wild Life Department Bathinda.
- College has also participated in a Marathon Race with the objective of Run For Democracy organised by District administration on the eve of National Voter Day.
- The female Pupil Teachers of our college participated in a cultural programme organised by District Administration, Fazilka on the eve of women day.

Impact of the Practice:

It was there by noticed after the practice that the students have now started taking active participation in social and civil activities. They get to know about different aspects of society and understand the deficiencies present in the social system. They are now aware about their needs and role in the society and also get awareness of their different social and civil rights & duties. The value of helping the humanity has also been inculcated and students are sensitized towards the conservation of Wild Life and Environment.

Obstacles Faced During Practice and Resources Required:

- Due to erratic schedule of university, adherence to academic calendar provided by the higher education is difficult, so the students felt the paucity of the time to involve in such activities.
- Lot of will power, funds and man power was required for the conduction of such activities.
- The support of officials, local leaders, NGO's having the social learning resources was not easily available.

Best Practice- 2

Title of the Practice: Inclusive Practices for Socially and Economically Backward Students.

Context of Practice:

The College is a pioneer point of teacher education since 2005 in the area like Fazilka, which is three sides surrounded by Indo-Pak border. Due to socially and educationally deprived boarder line area, people here are not aware and able to provide higher and professional education to their wards. Poverty is also a big problem for the learners of this area to get admitted in higher and qualitative institution. Looking in these financial problems of our area, our institution provides the financial assistance to students from lower income group like Fee Concessions, various Scholarship Schemes and book bank facility etc., So that students from remote areas can also came up to stand in cut throat competitive world at national level to enhance their educational development.

Objectives of the Practice:

- To provide financial assistance for the poor students.
- To enhance the employment ability of the students.
- To award subsidy to economically backwards students.
- To make timely disbursements of aid to all eligible students.

Practice:

In order to provide financial assistance to the poorer students the college provides the facilities of the Book Bank, Concession in fees and various Scholarship Schemes.

*All we know that books are the foremost aids that a teacher as well as students always need. Only one or two books are not sufficient for a particular topic. During teacher education one need to read a lot of books and get familiar with the ideas and thoughts of many authors and writers, so students needs to be reflective by reading books but buying too many books is not easy and possible for the poor students, thereby college provides the facility of Book Bank from where the needy students can get a number of books issued from the library of the college and can read the books throughout the year.

*Poor students are also given the facility to pay their fees in easy instalments. No late fee has been charged from those students.

*Our college also provides the various Scholarship Scheme lik :

- Post Metric Scholarship Scheme for SC, ST and OBC students.

- State Merit Scholarship Scheme.
- University Scholarship Scheme for poor and brilliant students.
- University Scholarship Scheme for minority community.
- University Scholarship scheme for handicaps.

Apart from these our college also provides concession in fees to the students who are unable to get the benefits from scholarship schemes. In the previous year about 82 students has availed the financial help from the college as well as from above mentioned schemes.

*College also provides free uniforms to the economically weak students.

*College also provides financial subsidy to poor and needy students in educational tour and trips.

Impact of Practice:

Students under this area are now familiar with the financial assistance provided by the college and started taking admissions in the college for higher and qualitative education. They are now not pushed back by the poverty and any other financial problem. Through the book bank facility provided by the college, students don't need to buy too much costly books. Thus through these scholarship schemes poor, backward and financially weaker class have been benefitted. Providing these facilities in such an educationally and financially backward belt has paved the way to improve the level of education. Reduction in student dropout rate is also one of the best positive outcomes of the practice.

Problems Encountered and Resources Required:

Practising these facilities the college has to meet various problems, regarding the identification of the needy students because people sometimes hide their real identity and financial condition in order to get benefit from the scholarship schemes and concession facility. Due to Socially backward area, people here are also not so much aware about the value of education. Thus to meet the ends the college need the help of some social and regional societies or NGO's for continuing these services.
