

Green policy

The Green policy of Jyoti B.Ed college ,Rampura ,Fazilka

To conserve the green practices in the institutions and to encourage the student to be "Environment responsible person ". The following practices are followed by all the stakeholder in the campus.

1. The college campus is moving towards the directions of "green institution premise"to maintain and sustain the 35% of green cover of the campus, all efforts are made and precautions are followed so that newly grown plants or already growing up trees can be taken proper care.
2. To use the compost which is prepared in the campus by dry leaves,twigs and green grass,leaves etc by the gardening cell with other manure.
3. The college has an "Eco-friendly club" of staff and students to aware and take care of green cover, water management and waste material of the campus.
4. All are supposed to use the pedestrian pathways of the campus and not to walk or run in the grassy lawn.
5. To Encourage the faculty and student to frequently use E -scooter.
6. The college is committed to work towards the less or minimum use of plastic.
7. Students are advised to use cemented chairs, tables and benched which are placed in the college lawns.
8. Students are advised not to pluck the flowers and plants.
